- 1. Inform student groups of Graduate and Professional Student Activity Fee (GPSAF) funding, eligibility criteria and procedures as outlined in the GPSA Eligibility Criteria and Obligations for Byline Funded Organizations.
- 2. Consult with the Office of Assemblies and VP of Finance in the SA in the development of initial and final application materials for organizations seeking to apply.
- 3. Ensure that applying organizations, including the Graduate and Professional Student Assembly (GPSA) and the Graduate and Professional Student Assembly Finance Commission (GPSAFC), fulfill all requirements outlined therein.
- 4. Communicate regarding deadlines with all organizations, especially those that have not applied for byline funding before, and answer questions about the process.
- 5. Email the entire graduate and professional student population to inform them of the upcoming GPSA GPSAF hearings.
- 6. In accordance with the GPSA Eligibility Criteria and Obligations for Byline Funded Organizations, hold public (and optional executive session) hearings at which applications are discussed. In further meetings discuss and specify allocations for recommendation to the GPSA.
- 7. The Chair of the Appropriations Committee will present recommendations and received applications with necessary redactions of confidential information to the GPSA according to the timeline in Item IV. Upon vote of the Assembly, the GPSA will enter executive session where it may review unredacted confidential information.

Item III. The Executive Committee will oversee the following aspects of the byline allocation procedures:

- 1. The President of the GPSA shall prioritize byline funded groups' presentations at regular GPSA meetings upon written request.
- 2. The President of the GPSA shall oversee the discussion and voting procedure for the approval of the initial recommendation during the regular GPSA meetings. The discussion and voting process shall follow the following procedure:
 - a. Ensure sufficient time for the Appropriations Committee Chair to present the Committee's recommendations and answer questions from the floor during the regular meeting.
 - b. The President of the GPSA shall offer a series of motions:

This motion requires a majority vote of seated voting members.

- 1. If the motion fails, the President of the GPSA will offer a motion as follows: "RESOLVED, that all GPSAF funding for [organization] shall be eliminated in the current cycle." This motion requires a two-thirds vote of seated voting members. If the vote fails, the Appropriations Committee will be responsible for considering the GPSA's discussion and revising its recommendation in response.
- ii. Groups applying for byline funding where the Appropriations Committee recommendation is to eliminate funding, as follows: "RESOLVED, that all GPSAF funding for [organization] shall be eliminated in the current cycle and stated as such in the final resolution." This motion requires a two-thirds vote of seated voting members.
 - 1. If the motion fails, the Appropriations Committee will be responsible for considering the GPSA's discussion and revising its recommendation in response.
- c. If an organization's first request for byline funding is not approved, the organization shall then have the opportunity to revise its request downward, and the Appropriations Committee will reconsider its recommendation before the next regular GPSA meeting.
- d. At the next regular GPSA meeting, the Chair of the Appropriations Committee will present the revised recommendation to the GPSA voting membership. The President of the GPSA shall offer a series of motions:
 - i. For each revised recommendation greater than or equal to the minimum funding amount described in the GPSA Eligibility Criteria and Obligations for Byline Funded Organizations, as follows: "RESOLVED, That the Appropriations Committee's revised recommendation to fund [organization] at [dollar figure] per student is approved and incorporated into the final resolution." This motion requires a majority vote of seated voting members.
 - 1. If the motion fails, the group seeking byline funding loses its eligibility to receive byline funding for the two-year cycle.
 - ii. For each revised recommendation to eliminate funding, as follows: "RESOLVED, That the Appropriations Committee's revised recommendation to eliminate funding for [organization] is approved and stated in the final resolution." This motion requires a 2/3 vote of seated members.
 - 1. If the motion fails, the funding for this organization seeking byline funding will default to the amount currently in effect (not to exceed the current final application request during the fee-setting year and included as such in the final resolution. However, the default may still be amended in the final fee setting resolution.
- 3. The discussion and voting process for the approval of the final recommendation shall follow the following procedure:
 - a. After each of the Appropriations Committee's recommendations for organizations seeking byline funding has been voted on, a collective GPSAF is presented to the GPSA voting members as a resolution. The allocations of the GPSAF will only be to the "eligible" organizations discussed in Appendix B: The GPSA Eligibility Criteria and Obligations for Byline Funded Organizations.
 - b. As a resolution, this Activity Fee allocation is debatable, amendable and follows all other rules of Parliamentary Procedure (i.e., any member present can change the funding of an organization by an

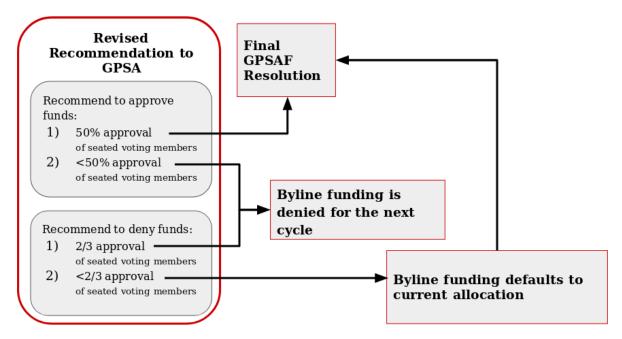

amendment.)

- i. Any amendment to funding for any organization in this document will require a two-thirds vote of the seated voting members.
- c. The GPSAF allocation requires a two-thirds vote of the seated voting members for passage.
- d. After the GPSAF allocation is approved, it will automatically be rounded up to the nearest whole number. The difference between the GPSAF and the new, rounded figure will be allocated to GPSAFC.
- e. Should the resulting fee not satisfy the balance requirement, i.e., not allocate at least 35% to the GPSAFC, then the GPSAFC's allocation shall be increased in increments of one dollar until the requirement is met.
- f. No byline funded group, except the GPSAFC, through adjustments to meet 35%, can ever receive a higher amount of funding than requested in the final application for byline funding.
- g. Once funded during any GPSAF funding cycle, a byline funded organization is obliged to follow the guidelines for byline funded organizations, as prescribed in the Eligibility Criteria and Obligations for Byline Funded Organizations. Should they fail to do so, they may be fined some or all of their allocation or be removed from the activity fee entirely.

iii. Diagram 3: Presentation of the full Activity Fee Resolution to the Assembly

Item IV. Timeline

- 1. Deadlines for the initial and final application materials will be determined in the Fall of non-fee-setting years by majority vote of Appropriations Committee.
 - 2. Currently funded byline organizations shall attend a meeting of the Assembly or Appropriations Committee upon request to provide an update on their operations, usually conducted, but not required to be done, during the Fall of non-fee-setting years.
 - 3. The Chair of Appropriations Committee will distribute application materials within 1 week of the final application deadline among the Appropriations Committee members for evaluation and summary reports.
 - 4. The Appropriations Committee will schedule public hearings for each organization as described in Appendix B Item IV §4.03.
 - 5. The Appropriations Committee shall present its initial recommendations, along with summary report and justification for each organization, no later than the fifth regular GPSA meeting of the Fall semester.
 - 6. The allocation process will be finished by the last day of classes of the Fall semester.
 - a. Failure to complete the allocation process will result in the Student Activity Fee defaulting to the amount and allocation currently in effect during the fee-setting year.
 - i. Any organization which received funding in the past byline cycle, but did not apply for the upcoming GPSAF byline cycle, will have its funding allocated to the GPSAFC with the purpose of increasing funds for all graduate/professional student groups.
 - 7. The applying organizations will be informed of their allocation prior to the start of the Spring Semester of a fee setting year by the Chair of the Appropriations Committee.
 - 8. The GPSAF approved by the GPSA, according to Item III, shall, by January 1, be presented to the President of the University by the Appropriations Committee Chair and the President of the GPSA.

Item V. Amendments

- 1. This document may be amended pursuant to Article VIII §D of the GPSA Charter.
- 2. All amendments must also be incorporated into the GPSA Eligibility Criteria and Obligations for Byline Funded Organizations, the GPSAFC Funding Guidelines, the GPSA Bylaws and the GPSA Charter. It is recommended to amend the Charter first and then the other documents in sequence.

Item VI. Criteria for Setting and Allocating the Student Activity Fee and Delegation of Authority

- Pursuant to a letter dated March 1, 1999, the President of the University has delegated responsibility for the setting and allocation of the Student Activity Fee to the Student Assembly (SA) and the Graduate & Professional Student Assembly (GPSA) within the following guidelines:
 - 1. The SA and the GPSA shall each amend their respective charters to include the criteria for the setting and allocation of the Student Activity Fee, including the guidelines set forth herein and which criteria shall be reviewed by and meet the approval of the President of the University.
 - 2. The Student Activity Fee for undergraduate students and for graduate and professional students shall be set every two years for a period of two years by the SA and the GPSA, respectively.
 - 3. The amount of the Student Activity Fee shall be determined by the last day of classes in the fall semester of the fee-setting year by the SA and the GPSA, after substantive input and active participation in the fee-setting process by their constituencies. In the event the SA or the GPSA is unable to meet this deadline, the applicable Student Activity Fee will default to the amount and allocation currently in effect during the fee-setting year.

- 4. In general, in order to be considered for funding from the monies collected through the Student Activity Fee, an organization must meet the following criteria:
 - a. Register as a student or university organization with the Student Activities Office
 - b. Allow students equal access to the services being provided by the organization or participation in the organization's activities
 - c. Operate primarily for students by students with funds disbursed through a university operating account
 - d. Have an advisor to assist with oversight of the university operating account.
 - e. Funding from the monies collected through the Student Activities Fee may be provided directly to an organization, which applies for and receives "byline" funding status, outside of the established Student Assembly Finance Commission or Graduate and Professional Student Assembly Finance Commission processes. In addition to the general criteria set out above, an organization wishing to receive by-line funding must demonstrate:
 - i. Its activities are of direct and primary benefit to the entire Cornell community represented by the respective assembly; and
 - ii. It has a demonstrated budgetary need equivalent to at least 50 cents per student per year.
- 5. The SA and the GPSA may also elect to provide by-line funding for other programs and services, which are not registered organizations (e.g., Students Helping Students, club insurance) but whose organizational structure and programs and services are consistent with the criteria outlined above for by-line funded organizations. Such funding would require the approval of the respective assembly and the President of the University.
- 6. The SA and the GPSA will ensure that an appropriate balance is maintained between funds allocated to by-line funded organizations and the Student Assembly Finance Commission or Graduate and Professional Student Assembly Finance Commission, respectively. The SA and GPSA shall allocate no less than 35% of their respective Student Activity Fees to the applicable Finance Commission for disbursement among non-by-line funded organizations.
- 7. Neither a check-off option nor an option to pay an amount in addition to the established Student Activity Fee for specific programs or services will be allowed for purposes of exempting a student from paying the full amount of the Student Activity Fee, due to the funding instability inherent in administering such a system. Exceptions may be considered if recommended and approved by the respective assembly and approved by the President of the University.
- 8. These guidelines and the procedures established in accordance therewith shall be reviewed by the SA and the GPSA and a representative of the President of the University at least every four years in a non-fee-setting year.
